LOANER PUMP PROGRAM

OUR COMMITMENT

When your syringe pump is in need of service or repair, Wilburn Medical USA will ship (for next day arrival) a loaner pump at no charge.

CUSTOMER AGREEMENT

To take advantage of this program, the only obligation is to purchase your syringe pump tubing exclusively from Wilburn Medical USA and to remain a current customer.

WilburnMedicalUSA.com 1-877-WILBURN (1-877-945-2876)

WilburnMedical.com is an extensive online medical supply catalog offering tens of thousands of items as well as detailed information about our most popular product lines. This site also features monthly specials, discounts, and clearance items. Shop online with your credit card or use our innovative Quote List to request quotes online.

SyringeInfusion.com

SyringeInfusion.com is an extension of WilburnMedicalUSA.com which is dedicated to the many lines of syringe pumps we offer, with a particular focus on the Aitecs line of syringe pumps. Visit SyringeInfusion.com and view our two fully interactive Flash tutorials for the Aitecs syringe pumps.

IV Tubing & Connectors by Wilburn Medical USA

- ◆ Used nationwide by hospitals and stress labs.
- ◆ Our universal tubing fits ALL syringe pumps.
- ◆ Purchase of WUSA tubing automatically qualifies you for the Loaner Pump Program, where if your current syringe pump becomes inoperable, Wilburn Medical USA will ship a loaner pump overnight to you at no charge.
- ◆ Our COMBO sets provide a cost-effective alternative to purchasing extension tubing and T-connectors separately.
